

MEDIA DÉCOR SERIES

ILLUSION MOVING ART

Leon's Illusion is a stunning recess-mounted moving art solution for concealing large-scale TVs (up to 120"). Functioning like a traditional shade, artwork scrolls up and down with a whisper-quiet movement, revealing and concealing the screen behind it. Custom-tailored to your exact specifications for seamless integration into any space, our moving art stands out by blending in.

PRODUCT FEATURES

- Accommodates TVs up to 80" diagonal, 120" diagonal for Illusion-OS, call to price larger models
- Noise Level \leftarrow 38 dBA (near silent operation)
- Traditional hembar & art movement
- Exclusive Lutron Electronic Drive System
- Aircraft Aluminum construction with baked black ceramic hardcoating

SYSTEM INCLUDES
