## ELITE MOVING ART

Leon's Elite is our premier recess-mounted moving art solution. Its patented movement silently scrolls artwork up and down, revealing and concealing the TV behind it while perfectly framing the screen. Unlike any other system made, the Elite's art is flush to the back of the picture frame, held in place magnetically and tensioned against the frame. Custom designed and handcrafted to integrate into any space, the Elite provides our most elegant solution for TV concealment.

### PRODUCT FEATURES

- Accommodates TVs up to 65" diagonal, call to price larger models
- Noise Level  $\leq$ 38 dBA (silent operation)
- Patented magnetic art alignment with zero clearance between the back of the frame and the art
- Patented scrolling art movement with invisible hembar
- Exclusive Lutron Electronic Drive System
- Aircraft Aluminum construction with baked black ceramic hardcoating

### SYSTEM INCLUDES

- Choice of artwork from our curated Art Gallery
- Choice of frame from the Elite Frame Gallery
- Lutron IR remote control & receiver
- Lutron QS drive system

### OPTIONAL ADD-ONS (ADDITIONAL COST)

- Contact Closure Interface
- RF Wireless Control
- RS232 Interface
- Optional Frames
- Custom sized back box for recess mounting
- TV Screen Masking Systems: flat black mica mask or black acoustically transparent fabric mask

## CONFIGURATIONS

MODEL ID	DESCRIPTION
